

TREDERWEN SPRINGS

Retailer Product Guide

WE ARE MULTI-AWARD-WINNING FLAVOURED WATER SPECIALISTS BASED IN MID-WALES, UK

Founded in 2008 following the discovery of a natural spring at neighbouring Trederwen Hall, Trederwen Springs 2008 Ltd is located in Llansantffraid-ym-Mechain, a charming rural village at the foothills of the Cain Valley, in Mid-Wales.

We are flavoured water specialists with an award-winning range of drinks listed in several large retailers across the United Kingdom.

With an available capacity of 80 million litres of water per year, we are able to produce huge volumes of the highest quality flavoured spring water in recycled PET bottles (rPET). Our bottles are blown and filled on site, keeping the carbon footprint of each bottle as low as possible.

Trederwen springs **essence** is our principal flavoured water and is available in large volumes for all retail channels. Sold in 500ml single bottles, 500ml '4-pack', and 2 litre SKUs and is available in 4 flavours with several other flavour profiles available on option.

Additionally, we offer own-labelling for both independent and major multiple customers and have previously offered plain water products and sparkling flavoured options in addition to supplying major grocers. Further, should bespoke flavours be preferred, we are happy to work with your team to develop unique flavour combinations and are also able to offer vitamin enrichment options should this be desirable.

Trederwen Springs are no strangers to producing products under licence, previously creating products for Golden Casket and flavoured waters under the Barratt Sweets licence.

Our highly experienced senior management team have over 100 years of combined industry experience, and are excited to work with you to deliver delicious tasting water for your FMCG channels.

ESSENCE: APPLE & BLACKCURRANT

Description & tasting notes

This fun favourite captures the lively sweetness of crisp green apples, offsetting it against the deep and slightly tangy notes of succulent blackcurrants. A juicy and refreshing drink that the whole family can enjoy.

Make our water your own

We are proud to offer our white labelling service to both independent and major multiple customers who would like to produce their own label product or create a new offering for the soft drinks market.

Trederwen Springs offers a number of pre-developed flavours ready to go, including Cherry, Orange & Mandarin, Peach, Red Apple, and Watermelon in addition to our existing essence range of flavours. Alternatively, building on the foundations of our exceptionally high-quality spring water, our professional team will be delighted to work with you to craft and produce a product that surpasses your expectations, that bursts with flavour.

By offering a lower minimum product run than most competitors, our white labelling service allows you to scale up your new product lines at a pace that works for your business.

Equally, our modern flexible plant and dedicated production team have the ability to produce significantly large volumes of water within a short period of time, perfect for those customers who have high levels of product demand.

A lighter way to power your day! With 100mg of caffeine per bottle and a blend of B-Vitamins, VitaKick aims to shake up the energy market. Uniquely non-carbonated and in a convenient bottle and sports cap format for easy, on the go refreshment. VitaKick is tasty and easily drinkable with none of the bloat, or any of the sugar crash.

VitaKick works with you, not against you.

USPs

Sugar-free, Non-carbonated, Bottle and Flip-top cap format, Great value.
